PROFESSIONAL SUMMARY

Information Technology student with a strong foundation in full-stack development, database management, and network security. Demonstrates proven leadership in project coordination and effective communication, driving organizational success while blending technical proficiency with strategic planning abilities.

CAREER EXPERIENCE

Royal CableVision 2026

Network Monitoring/Engineer Intern

- Assisted in monitoring network traffic and implemented security protocols, enhancing system security and reliability across the network.
- Collaborated with technical teams to troubleshoot and resolve network issues, contributing to a 20% improvement in operational efficiency.
- Documented network configurations and maintenance routines, aiding in knowledge transfer and ensuring operational continuity for future projects.

CCS Student Government 2025 - 2026

4th Year Representative

- Liaised between the student body and administration, advocating for needs and concerns, fostering a more responsive campus environment.
- Organized events and initiatives to enhance student engagement and community building, contributing to a 15% increase in participation across campus activities..

AWS University of Cabuyao 2025 - 2026

Stage Manager

- Coordinated logistics for events, ensuring smooth execution by managing schedules, resources, and team communications.
- Led a team of volunteers in event setup, resulting in a series of well-attended activities that strengthened community involvement.

SITeS Organization 2023 - 2025

Internal Vice President

- Oversaw organizational operations and initiatives, fostering collaboration among members and driving strategic goals.
- Enhanced member engagement through regular meetings and feedback sessions, improving organizational effectiveness by 25%.

SITeS Membership and Election Committee 2024-2025

Director.

- Directed membership outreach efforts, increasing participation by ~30% and enhancing the organizational community.
- Managed election processes, ensuring transparency and fairness in candidate selection, strengthening trust within the organization.

PROJECTS

Police-Now - A Mobile-Based Real-Time Emergency Response and Police Assistance 2025 - 2026

Leader & Full-stack Mobile App and Web Developer

- Developed a mobile-based real-time emergency response and police assistance system using Flutter, Laravel, and Firebase.
- Built RESTful APIs, user authentication, and real-time features to support faster emergency response operations.
- Integrated GPS-based location tracking, incident reporting, multimedia evidence uploading, and two way communication functionalities.
- Set up and configured a virtual server using DigitalOcean for backend deployment and system hosting.

CCS Intensive Profiling System 2025 - 2026

Leader & Full-stack Web Developer

- Developed a multi-role web-based profiling system using Vue.js and Laravel to manage student, faculty, and administrative workflows.
- Built and developed CCS Student, Faculty, and Admin Portals with onboarding surveys, personalized recommendations, QR-based event ticketing, faculty dashboards, and an admin module for systemwide management and data oversight.
- Set up and configured deployment environments using Vercel for the frontend and Railway for backend services, with file storage integrated via Supabase.
- Ensured system scalability, performance optimization, and secure data handling across all integrated modules.

COMPETITION

Pamantasan ng Cabuyao Research Colloquium 2026

Principal Researcher

- Conducted comprehensive research on current industry trends, contributing valuable insights recognised at the competition.
- Collaborated with peers to present findings, enhancing communication and presentation skills.

1st STCIEERD Undergraduate Research Competition (DOST Region IV-A) 2025

Principal Researcher

- Conducted comprehensive research on current industry trends, contributing valuable insights recognised at the competition.
- Collaborated with peers to present findings, enhancing communication and presentation skills.

EDUCATION

University of Cabuyao (Pamantasan ng Cabuyao) 2022 - Present

Bachelor of Science in Information Technology

(Expected Graduation: June 10, 2026)

CERTIFICATIONS, SKILLS & AWARDS

- Skills:** Full-stack development; MySQL; Express; React; Vue; Node; Laravel; Flutter; Database management; Network security; SQL; JavaScript; HTML; REST APIs; JSON; Github
- Certifications:** Junior Cybersecurity Analysis Career Path Exam, DICT-CISCO (2026); Ethical Hacker, DICT-CISCO (2026); Data Science Essentials with Python, DICT-CISCO(2026); Introduction to SQL, DATA CAMP (2026); Introduction to Cybersecurity, DICT-CISCO(2026); Networking Basics, DICT-CISCO (2026)
- Awards:** Dean's Lister - Both Semesters (2025-2026); Service Awardee (2026); Best in Capstone (Police-Now: A Mobile-Based Real-Time Emergency Response and Police Assistance) (2026); Finalist, Pamantasan ng Cahuyao Research Colloquium (2026); 2nd Placer, 1st STCIEERD Undergraduate R&D Competition (2025); Recognition, 1st STCIEERD Undergraduate R&D Competition (2025); NSTP Exemplary Awardee, NSTP Program (2022)
